ENTRY-LEVEL FRONTEND DEVELOPER & MARKETING ENTHUSIAST

INFORMATION TECHNOLOGY & DIGITAL MARKETING INDUSTRY

PROFILE SUMMARY

I am a recent graduate of Universitas Dian Nuswantoro, majoring in Informatics Engineering, with a strong passion for Frontend Development and Digital Marketing. My career goal is to enhance expertise in information technology while advancing digital marketing strategies, bridging the gap between technical web development needs and digital business growth.

Core Competencies

- Frontend Development: React.js, Next.js, Tailwind CSS, JavaScript (ES6+), HTML5, CSS3
- Digital Marketing: Meta Ads, Google Analytics 4 (GA4), campaign strategy, content creation, copywriting

EDUCATION

Bachelor of Informatics Engineering | Universitas Dian Nuswantoro **2021 - 2025**
GPA: 3.40 / 4.00

EXPERIENCE

Admin Marketplace Online **Okt 2021 - Present**

- Managed online marketplace activities end-to-end, from product design and listing to description writing.
- Executed promotional campaigns across multiple social media platforms to boost brand visibility and product awareness.
- Monitored sales performance and analyzed consumer trends to identify business opportunities.
- Developed marketing strategies based on sales insights and consumer behavior analysis.

Frontend Developer (Internship) **Sep 2024 - Okt 2024**

Social Service Office of Semarang

- Developed a task management web application using React.js and Tailwind CSS to enhance organizational productivity.
- Designed and implemented a responsive user interface to improve user experience.
- Built key features including user authentication, task creation, editing, deletion, and status tracking.
- Conducted debugging and system testing to ensure performance optimization.
- Collaborated with the team following the Software Development Life Cycle (SDLC) using the Waterfall methodology.

SKILLS & ABILITIES
